You will get a monthly account statement from us for your savings account(s), unless there are no transfers in a particular month. In any case, you will get a statement at least quarterly.

TRANSACTION RECORDS. You should always save your terminal receipts and mark each transaction in your account records (but not while at a terminal). Call or write us at the telephone number or address listed in this disclosure, in time for us to receive your request 3 business days or more before the payment is scheduled to be made. If you call, we may also require you to put your request in writing and get it to us within 14 days after your call.

NOTICE OF VARYING AMOUNTS. If these regular payments may vary in amount, the person you are going to pay will tell you, 10 days before each payment, when it will be made and how much it will be. (You may choose instead to get this notice only when the payment would differ by more than a certain amount from the previous payment, or when the amount would fall outside certain limits that you set).

If, through no fault of ours, you do not have enough money in your account to make the transfer.

If you have an overdraft line and the transfer would go over the credit limit.

If the automated teller machine where you are making the transfer does not have enough cash.

If the terminal or system was not working properly and you knew about the breakdown when you started the transfer.

If circumstances beyond our control (such as fire or flood) prevent the transfer, despite reasonable precautions that we have taken

There may be other exceptions stated in our agreement with you.

CONSUMER UNAUTHORIZED TRANSFERS

(a) Consumer liability.

"Consumer"- "Consumer" is defined for this purpose as a natural person who holds an account primarily for personal, family, or household purposes and specifically excludes a natural person who holds an account for a business or for a professional capacity.

(1) Tell us AT ONCE if you believe your card and/or code has been lost or stolen, or if you believe that an electronic fund transfer has been made without your permission using information from your check. Telephoning is the best way of keeping your possible losses down. You could lose all of the money in your account (plus your maximum overdraft line of credit). If you tell us within two business days, you can lose no more than \$50 if someone used your card and/or code without your permission.

If you do NOT tell us within 2 business days after you learn of the loss or theft of your card, and we can prove we could have stopped someone from using your card without your permission if you had told us, you could lose as much as \$500.

Also, if your statement shows transfers that you did not make, including those made by card, code or other means, tell us at once. If you do not tell us within 60 days after the statement was mailed to you, you may not get back any money you lost after the 60 days if we can prove that we could have stopped someone from taking the money if you had told us in time. If a good reason (such as a long trip or a hospital stay) kept you from telling us, we will extend the time periods.

(2)Additional Limit on Liability for VISA CheckCard: Unless you have been grossly negligent or have engaged in fraud, you will not be liable for any unauthorized transactions using your lost or stolen VISA CheckCard. This additional limit on liability does not apply to ATM transactions, to transactions using your Personal Identification Number which are not processed by VISA, or to commercial cards.

(b) Contact in event of unauthorized transfer.

If you believe your card and/or code has been lost or stolen or that someone has transferred or may transfer money from your account without your permission using information from your check, call or write us at the telephone number or address listed in this disclosure. To report a lost or stolen card after normal business hours call 1-866-914-4595.

CONSUMER ERROR RESOLUTION NOTICE

In Case of Errors or Questions About Your Electronic Transfers, Call or Write us at the telephone number or address listed in this disclosure, as soon as you can, if you think your statement or receipt is wrong or if you need more information about a transfer listed on the statement or receipt. We must hear from you no later than 60 days after we sent the FIRST statement on which the problem or error appeared.

Tell us your name and account number (if any).

Describe the error or the transfer your are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.

Tell us the dollar amount of the suspected error.

If you tell us orally, we may require that you send us your complaint or question in writing within 10 business days.

We will determine whether an error occurred within 10 business days (5 business days if the transfer involved a VISA CheckCard point-of-sale transaction and 20 business days if the transfer involved a new account) after we hear from you and will correct any error promptly. If we need more time, however, we may take up to 45 days (90 days if the transfer involved a new account, a point-of-sale transaction, or a foreign-initiated transfer) to investigate your complaint or question. If we decide to do this, we will credit your account within 10 business days (5 business days if the transfer involved a VISA CheckCard point-of-sale transaction and 20 business days if the transfer involved a new account) for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within 10 business days, we may not credit your account. An account is considered a new account for 30 days after the first deposit is made, if you are a new customer.

We will tell you the results within three business days after completing our investigation. If we decide that there was no error, we will send you a written explanation.

You may ask for copies of the documents that we used in our investigation.

NOTICE OF CHANGE IN VISA® ZERO LIABILITY RULE

A change in the Visa Core Rules revises the circumstances under which you have zero liability for unauthorized electronic fund transfers. The change is highlighted in bold italics type in the next two sentences. ***Under the new Visa rule, you will not be liable for any transactions using a lost or stolen Visa card unless you have been negligent or engaged in fraud. Under the previous rule, you are not liable for any transaction using a lost or stolen Visa card unless you were grossly negligent or engaged in fraud.*** This change becomes effective 30 days after you receive this notice. Whether conduct is negligent depends on the circumstances and is subject to interpretation. However, negligence is generally considered to be the failure to use such care as a reasonably prudent person would have exercised in a similar situation. Negligence is more careful conduct than gross negligence.

As a result of the Visa rule change, you have to use a higher degree of care to have zero liability for unauthorized transactions than you had to exercise under the previous Visa rule.
